The biggest project of its kind in Northern India, the Science City has been set up in 72 acres of land in the heart of Punjab, on Jalandhar-Kapurthala Road. It is intended to inculcate the scientific aptitude & temperament, to fire the imagination and creativity, foster the spirit of enquiry and exploration among the masses, especially in the young minds.

The subject areas covered include physical, applied, natural and social sciences, engineering, technology, agriculture, health sciences, energy, industries, human evolution and civilization, the environment, ecosystems, Jurassic parks as well as frontier areas like space, nuclear science, information technology, robotics and Bio-technology..
